## LOUDSPEAKERS

# RetroSound Loudspeakers

Why purchase RetroSound™ speakers over your original or "other" commercially available speakers for your classic car? Check out the exploded view below to learn more about the detail and quality that goes into each speaker we make!

**RetroSound replacement speakers have set the industry standard in OEM for your classic vehicle!**

Designed and tooled from the ground up, the speakers meet the demand of today's high performance amplifiers while maintaining factory dimensions for original location mounting and are compatible with all digital music sources. The "N" Series features 4 models that feature ultra thin 1.77" mounting profiles for fit in virtually any installation application. These 4 models with neodymium magnet structures which are 5 times more powerful than standard speaker magnets, allowing for a substantial reduction in mounting depth and feature enhanced power handling and heat dissipation characteristics. Their Dual Voice Coil design (on 3 models) allows you to connect 2 stereo channels from your radio to one speaker, providing you with maximum sound for a single speaker application!
