Ordering

First, double-check your order before contacting us. Make sure you didn't miss that extra tail light bracket or support that you needed, and then give us a call. Ordering everything at once can save you a lot on shipping. Call us to place your order toll free at (866) 591-8309, mail in your order form, fax your order to (770) 692-6360, or email us at sales@autometaldirect.com.

MAIL IN ORDERS SHOULD BE SENT TO:

5322 Rafe Banks Dr., Unit H,
Flowery Branch, GA 30542

Prices

Due to unforeseeable price increases associated with manufacturing, all prices are subject to change without prior notification. Call to ensure up-to-date pricing and to check product availability. The pricing in this catalog supersedes any previous publication.

Payment

We accept MasterCard, Visa, American Express, and Discover. We also accept payment via money order, cashiers check, or personal check.  reserves the right to hold orders paying by personal check for 3-5 days to allow for clearance. Sorry, we cannot ship any orders COD.

Shipping

We ship small parcels via UPS Ground. UPS Next-Day Air and 2nd Day Air also available. Please ask your sales representative if you would like a faster service than ground.  will charge you actual shipping rates established by UPS Ground. We do not have a standardized shipping schedule based on order size. We are able to send UPS orders into Canada.

Orders too large to ship by UPS (Hoods, Fenders, Full Floors, etc.) will be shipped via Truck Freight. The truck freight carrier will be determined at the time of shipping. We can ship your order to your house, but truck freight fees for orders sent to a business located in a zoned commercial area are substantially lower. As with UPS, we do not have a standardized shipping schedule based on size or location. Please call us for a shipping quote prior to ordering.

Damages

You must inspect all truck freight shipments for damage at the time of delivery! If your shipment contains damage, please mark 'Damaged' on the freight bill and call us immediately at 866-591-8309. You MUST sign the freight bill as damaged in order for us to help you file a claim with the truck carrier! If you sign the freight bill free of damage,  and the delivering truck company are not responsible for damages.

Additional Boxing Fees

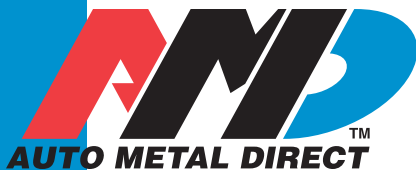

Due to the fragile nature of glass, we have gone the extra mile in packaging orders that contain glass kits and individual pieces. The following charges will be added to glass orders. This fee is to cover the cost of the protective packaging and will be added to the actual shipping fee.

- Windshield/Back Glass Add \$30.00
- Complete Glass Kit Add \$50.00

Returns

You may return any unused, undamaged, and resalable part in its original packaging for exchange credit or refund up to 6 months after purchase. Orders approved after 6 months are subject to a 10% restocking fee. All returns must have prior approval before returning them to us. Shipping fees that are incurred from returning any part to us is your responsibility. Finally, if the return shipment is damaged in transit, you are responsible for filing the claim with the carrier.

All  items are made on our own steel tools.

Parts Guarantee

All **AMP** products are guaranteed to be free from defects in material and workmanship. Test fit all parts before sanding, priming, or painting them. If we deem your part defective, our responsibility is to replace the part, issue credit, or refund the original purchase price. We are not responsible for any paint or labor expenses. The credit or refund amount will not exceed the defective parts original purchase price.

Backorders

Any items not available at the time the order is placed will be put on backorder. All backordered parts that ship after the original shipment will be subject to additional shipping fees. Backorders will not be shipped without your prior authorization. Please let us know if you do not wish to receive backorders.

"B" BODY SECTION

The front-line soldiers for both Dodge and Plymouth during the muscle car wars were often B-Bodies. Back in the day, whenever you heard the unmistakable rumble of a big-block Mopar engine on the road, there was a very good chance it would be a Charger, Roadrunner, Super Bee, GTX, Coronet RT, etc.

Today muscle car enthusiasts worship these special cars (*as you often see reflected in prices on the auction block!*), but for many years it has been tough to find good quality body parts. Here at Auto Metal Direct we REALLY know Mopar cars inside and out. Check out the parts on the following pages!

UNMATCHED QUALITY

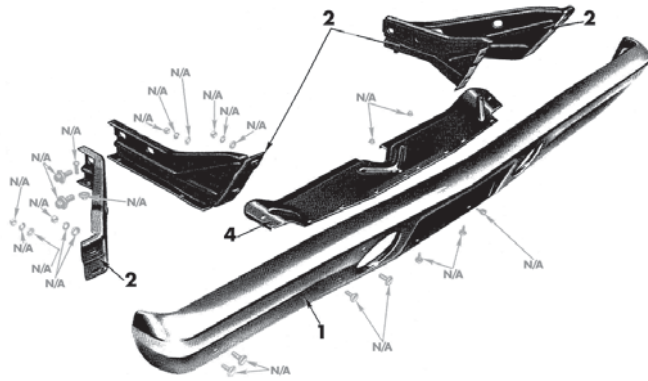

Our quality control is unmatched throughout the restoration industry. It starts with unique Research & Development, led by our too-picky restoration expert, Gilbert Propes. Gilbert has had a long career of restoring top-flight muscle cars for finicky owners, and has won countless awards for superior restorations. One of his strictest rules has always been to use only the finest quality parts. So today Gilbert personally hand fits and tests every part we make. Nothing gets the final okay for production until it gets past too-picky Gilbert. It may cause us to pull out a little hair... but it does result in the finest parts available for you, our customer. And, this unprecedented quality has earned our parts Official Licensing of MOPAR AUTHENTIC RESTORATION PRODUCTS, from the Chrysler Corporation.

Save money, and make your body man happy too! Damaged or rusty original panels, or poor-fitting cheapo reproduction panels require hours and hours worth of hard work to make them look right on your car. Those hours are frustrating for your body man, and costly to your wallet! Order our superior quality AMD body panels, and know that you're getting the finest body parts available **anywhere!**

MOPAR GLASS

**Buy a
Kit &
Save!**

Now you can finally get **quality** reproduction glass for your B-Body Dodge or Plymouth muscle car! For years restorers have been stuck with inaccurate reproduction glass. It was too thin, didn't always fit right, and it lacked the authentic Mopar Pentastar logo. Here at Auto Metal Direct we know that details really do matter, so we are proud to offer the following glass selection, complete with Mopar logo, and **licensed by Chrysler!** (Not date coded)

FRONT BUMPERS

The wide thin bumpers on Challenger and 'Cuda noses added real style and class to an already classic design. But that same thin shape made them easily vulnerable to dents and damage. For years restorers have had to rely on expensive restorations of rare original cores, and today most junk yards and swap meets have been stripped bare. But today you can order beautiful new licensed reproduction bumpers for your E-Body from AMD. Get bumper brackets, too. All our brackets have pentastars and part numbers. Call today!

MOPAR GLASS

Now you can finally get **quality** reproduction glass for your B-Body Dodge or Plymouth muscle car! For years restorers have been stuck with inaccurate reproduction glass. It was too thin, didn't always fit right, and it lacked the authentic Mopar Pentastar logo. Here at Auto Metal Direct we know that those details really do matter, so we are proud to offer the following glass selection, complete with Mopar logo, and **licensed by Chrysler!** (Not date coded)

“A” BODY SECTION

With light weight bodies and hot motors, A-Body Dodge and Plymouth muscle cars quickly became favorites with muscle car lovers. The 270, 318, 340, and 360 engines are the stuff of legend today, and Chrysler’s unique slant-six has to be the unchallenged king of all inline six cylinder engines. Add these great engines to stylish body designs, low initial purchase price, and available factory graphics and it’s easy to see why these A-Body cars were so popular back in the day. Today you can finally get top quality Chrysler-licensed reproduction body panels for your Dodge or Plymouth A-Body, from the restoration pros at Auto Metal Direct. Call now!

A note about PARTS AVAILABILITY...

You are witnessing restoration history. NEVER before have so many new reproduction body panels been simultaneously developed for Dodge and Plymouth muscle cars.

Moreover, never has such intense energy been applied to making SURE these new parts will fit properly and look terrific on your car.

We are not newcomers to the business of making quality reproduction body parts and panels. Indeed, our founder has been involved successfully in producing top quality body panels for many years. But now we're producing lots of previously-unavailable body parts, and we're making many at one time.

So, if the parts you need are listed as not-yet-available in this catalog, be sure to give us a call anyway. Brand new parts are popping out of our presses every day, and by the time this catalog was printed, it was already out of date! Call today.
