LOWEST PRICE GUARANTEE

Our guarantee is simple! You always get the BEST QUALITY parts at the BEST PRICE! Show us the same brand part/item and style advertised in any current magazine, catalog or website and we'll match their current price, simple as that! This offer is available only at the time of purchase and applies only to stocked merchandise. This offer cannot be combined with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts and shipping and handling charges are excluded.

ECKLER'S GIFT CERTIFICATES

Can't decide? Eckler's gift certificates are the perfect gift.

THE BEST PARTS AT THE BEST PRICE

More than just a slogan, Eckler's is committed to providing the highest quality parts at competitive prices. We select your parts exclusively from the world's leading brand name manufacturers to provide you technically correct parts of the very best quality. (Whether you need a single repair part or are undertaking a major restoration project).

YOUR SATISFACTION GUARANTEED

Part of our commitment to you:
If for any reason you are not completely satisfied with any product, simply return it for a full refund, credit or exchange, your choice.
No hassles.

SAME DAY PROCESSING ONLY \$3.95

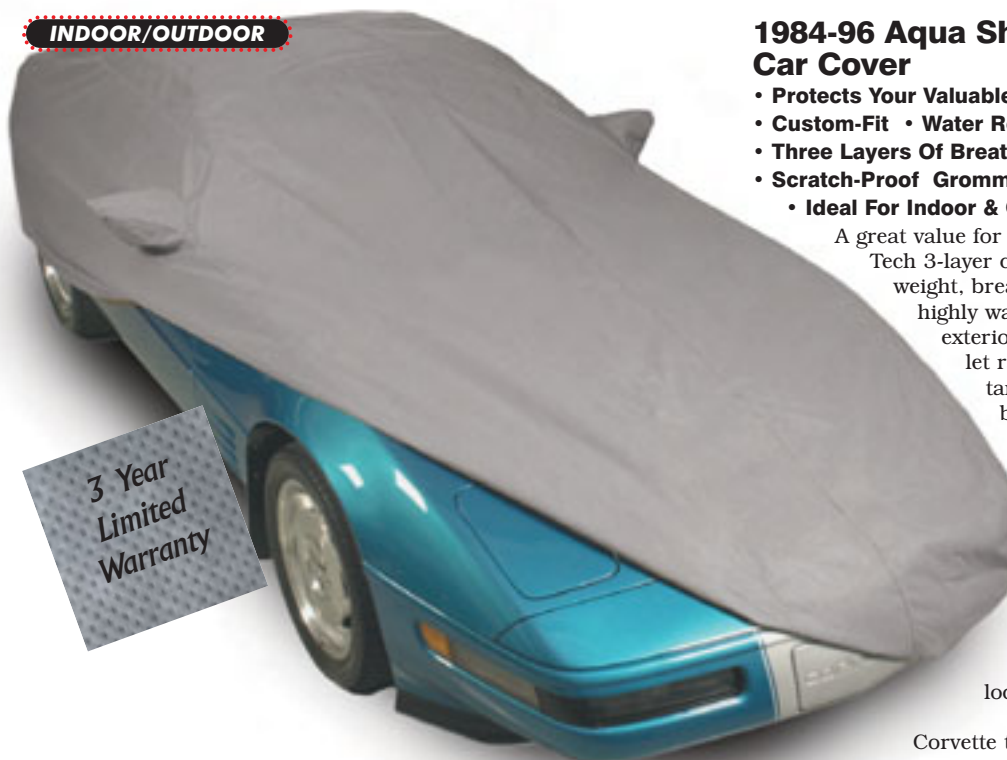

Eckler's standard order processing time for U.S. orders is 24 hours. CALL us Monday thru Friday before 1:00 p.m. (EST) and request same day processing, for just \$3.95 we'll process all in-stock parts through the warehouse same day. Next day delivery is also available, ask your Sales Representative for details.

1984-96 Aqua Shed Tri-Tech Gray Car Cover

- Protects Your Valuable Paint Finish, Indoors Or Out
- Custom-Fit • Water Resistant
- Three Layers Of Breathable Protection
- Scratch-Proof Grommets
- Ideal For Indoor & Outdoor Use

A great value for the money, the Aqua Shed Tri-Tech 3-layer car cover from Eckler's is lightweight, breathable, totally UV treated and highly water-resistant. It protects the exterior from heat build-up, ultraviolet rays, dirt, sap and other pollutants while retaining the breathability needed to prevent paint deterioration. Soft on your Corvette's finish. The Tri-Tech car cover dries quickly and stores compactly. Each cover is custom-fit with a hemmed bottom, double stitching, elasticized at the front and rear for a snug fit. Scratch-proof grommets are built-in for an optional safety lock and

cable. Protect your valuable Corvette the right way with an Aqua-Shed Tri-Tech car cover from Eckler's

1984-96 Mosom Cover

- Filters Out Dust
- Non Scratch, Soft Inner Lining
- Lightweight & Durable

Mosom Plus™ is a four layer material. The outer two layers are Spunbond Polypropylene, the middle layer is a special micro-porus film and the inside layer is super-soft fabric. The middle layer is an excellent rain barrier, while allowing for vapors to pass through. The special cotton flock inner layer pampers the most delicate paint finish. It is a great choice for all-around car cover use, suggested for most conditions except extreme sun, snow or ice. Mosom Plus™ is a non-woven material, so in the unlikely event a rip occurs in the material, it will not run.

INDOOR/OUTDOOR**1984-96 Aqua Shed Plush Gray Car Cover**

- Excellent Water Protection & Breathability
- 4 Layers Protects Against Impacts
- Custom-Fit • Scratch-Proof Grommets
- Ideal For Indoor & Outdoor Use

The Aqua-Shed Plush car cover from Eckler's features a 4-layer polypropylene construction for maximum protection in all weather conditions. Acid rain, industrial pollutants, tree sap, and bird droppings will not harm the fabric. The unique 4-layer construction does an outstanding job of resisting moisture, while allowing air to circulate through the fabric. The fabric's 4-layer thickness absorbs impacts better than any other car cover fabric to help protect the finish from nicks, dents and scratches. Scratch-proof grommets are built-in for an optional safety lock

**INDOOR/OUTDOOR****1984-96 Aqua Shed Premier Tan Car Cover**

- Best Water Repellency • Custom-Fit
- Four Layers: Bicomponent Strength Layers, Bicomponent Layer, Microporous/Breathable Barrier Film & Soft Bicomponent Spunbound Layers
- Scratch-Proof Grommets • Ideal For Indoor & Outdoors
- 5-Year Warranty

Looking for a superior car cover? The Aqua Shed Premier car cover is the best overall car cover you can buy! This unique 4-layer cover is manufactured using the newest, state-of-the-art production technology. Four high-tech materials are ultrasonically joined for multiple layers resulting in maximum

protection for your Corvette. The inner core is a soft spunbound layer designed to preserve your beautiful paint finish. The second layer is made up of a microporous/breathable barrier. The third and fourth layers are bicomponent layers with the outer layer adding overall strength, UV resistance and durability to the cover. This combination results in an exceptionally high strength-to-weight ratio, with the "soft touch" necessary for today's water-based paint finishes. Scratch-proof grommets are built-in for an optional safety lock and cable. Protect your valuable Corvette with an Aqua Shed Premier car cover from Eckler's!

52884

1984-96 WeatherShield® Car Cover

- "The" Ultimate Car Cover Fabric
- Repels Water Better, Keeps Car Drier, Packs Small And Light, Dries In A Flash

This cover keeps your Corvette dryer, is softer against your paint's fine finish, dries faster and breathes better than anything on the market today. Combine that with the fact that it has special UV inhibitors and you've got an unbeatable combination. The WeatherShield® cover has these quality features; double stitched seams, neoprene elastic front and rear for a snug fit and reinforced, non-scratch grommets for optional lock.

Car Capsule

- The Ultimate Car Cover
- Keeps Your Corvette In A Condensation-Free Environment
- Recommended For Indoor Use

For the ultimate indoor protection use the Car Capsule! It keeps your Corvette in a continuous flow of filtered, condensation-free air that provides a rust-free and mildew-free bubble for your pride and joy. Just park on the base mat, lay the clear cover over the car, pull the zipper and in five minutes the bubble is up and running. The super efficient fan motor will run 24/7 for approximately \$1.50/month.

1953-10 Clear Disposable Car Cover

- Use In Emergencies Such As Rain, Dust Overspray & Bird Protection
- Used During Car Shows, Cruise Nights For Quick Protection
- Protection For Daily Drivers When Visiting Coastal Areas & Salt Spray
- 22' L x 12' W x 1 Mil Thickness
- Manufactured From Polyethylene With Synthetic Elastic Cord

A must have for any enthusiast that drives their vehicles. You've spent all that time detailing your car only to have a rain shower ruin your work. If you only had a water proof cover that was small enough to fit under a seat or in the trunk for such emergencies. This durable cover is a great protection from rain, dust or pollen during car shows or cruise nights. It also protect vehicles in the garage from overspray and bugs during storage. Polyethylene material is water proof and chemical resistance.

51000

19.99 ea.

How To Get the Most Out of Your Nose Mask

Nose masks are absolutely great for protecting your paint from road hazards and bugs. They should be used as temporary protection and should not be used on your car as a permanent fixture. Prior to installing your mask at anytime make sure your front end is free of dirt or bugs. The proper fit of your mask depends greatly on how much time and effort you put into the installation. Nose masks generally do not "fall on the car." Thanks for choosing the best nose masks available!

1984-96 Custom-Fit UltraViolet Shields

- Blocks Out Sun
- Installs In Seconds

The UVS 100™ Ultraviolet Shield has an outer face shield of reflective silver that's made with special UV inhibitors. To install, simply unfold, put it in place and lower visors to hold secure. Its soft flannel backside won't scratch your interior, and the unit folds like an accordion for compact storage.

A5391

1984-96 Molded Carpet Sets

1984-1996 carpet sets are available with your choice of original Mass Backing or standard Poly Backing. 1994-96 Tru-Vette is only available in Mass Back. Our Mass Back sets feature the same hard-rubber backing used by the factory to reduce heat and noise in your Corvette. Or, for an economical alternative, choose the jute padded, moisture resistant Poly Back. Cut Pile Carpet is original for all 1984-93 Corvettes. For 1994-96 Corvettes, TruVette was the original carpet material. All carpet sets included molded heel pads, serged bindings and velcro strips to hold floor mats in place, and door panel carpet strips. **Specify color.**

1984-96 Sheepskin Seat Covers

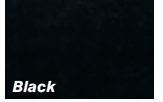

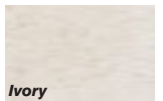

- 100% Natural Sheepskin
- Incredibly Soft 1" Pile

"Blue Ribbon" Sheepskin Seat

Covers provide the ultimate in year-round seating comfort. They stay cool in the summer, yet provide warmth in the winter. Once installed, the elegant look is retained because securing attachments remain unseen.

The Sculptured Sheepskin Covers follows the design of the original seat for a more fitted and "sculpted" look.

Installation Note: Dark colors are to be installed on dark colored seats only. Available in all colors shown. Specify color behind part number when ordering.

ECKLER'S® 1984-96 QUALITY INTERIOR TRIM

Another Exclusive For Eckler's Restoration Club Members--

Only at Eckler's... Build Your Own Interior Package and Save 15%!

Typical interior package pricing offers a discount if you purchase a set combination of seat covers, door panels and carpet. Because everyone has different interior trim needs, Eckler's interior package plan allows you to choose an combination of the six major interior components. Order any combination of 3, choose from seat covers, seat foam set, door panels, dash pad, carpeting or convertible top and receive a 15% discount when you join Eckler's Restoration Club.*

Plus... receive 15% discount* on additional color-coordinated interior trim components when purchased with the package.

See inside front cover for details of all the benefits you receive when joining Eckler's Restoration Club.

*Cannot be combined with any other discounted offer.

1984-96 Interior Dye

- Exact Match In Color
- Long Lasting-Out Lasts Paint
- 12 Oz. Aerosol Spray

Formulated and mixed to match our leather or vinyl interiors. This new dye normally requires only one coat if primer P/N 49322 or 49323 is used first. Made to last and retain color fastness, this dye will make your restoration or just interior upgrade perfect. This spray can will cover most jobs unless changing interior colors.

53607	12 oz Spray	15.99 ea.
54312	Quart	59.99 ea.

Corvette Interior Dye Primer

Primer or adhesion promoter, must be applied prior to coating interior hard plastic trim pieces or metal for proper application. Items such as rear compartment frames, seat backs, consoles or any metal items.

49322	12 oz Spray	18.99 ea.
49323	Quart	34.99 ea.

1984-96 Interior Color Codes

These codes

simplify the ordering of interior trim. Locate the year, color, and code. When ordering, add a hyphen and code to the catalog part number.

Example: To order 1987 seat covers in red, would be part number 32064-95. Color code must be added to all part numbers where this symbol is displayed, †

92-96 Beige Code 101	84-96 Black Code 14	84-85 Blue Code 91	86-89 Blue Code 97
90-91 Blue Code 100	84-87 Bronze Code 94	84-87 Graphite Code 90	84-87 Gray Code 93
88-89 Gray Code 98	90-91 Gray Code 98U	92-96 Gray Code 102	84-85 Red Code 92
86-92 Red Code 96	93-96 Red Code 103	1993 Ruby Red Code 104	84-87 Saddle Code 95
88-91 Saddle Code 99	88 Anniversary Code 47	92-93 White Code 47	

Note: Colors shown are approximations to assist in determining interior color. Actual material samples may be requested.

1984-96 Lumbar/Sport Seat Repair Parts

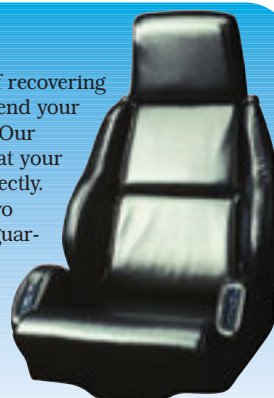

When the motor/pump runs but the bladder does not inflate, the lumbar repair kit offers huge savings compared to replacing the entire motor/pump. Instructions included.

35091	1984-93 Lumbar Pump Repair Kit	49.99 kit
35090	1984-93 Lumbar Bladder	84.99 ea.
35084	1984-89 Lumbar Control	149.99 ea.
35087	1984-90 Lumbar Pump	154.99 ea.
46081	1990-91 Lumbar Seat Control	149.99 ea.
35085	1992-93 Lumbar Switch Control	149.99 ea.
51757	1984-87 Power Seat Switch	99.99 ea.

NOTE: As GM bonded 1994-96 sport seat covers to the foam, making it virtually impossible to re-use the foam, all 1994-96 sport seat covers are now made with seat covers bonded to new foam, as original.

1984-93 Sport Seat Cover Installation

Let Eckler's take the hassle out of recovering your worn and dirty seats! Just send your seats to us, and we'll do the rest. Our installation experts will ensure that your new seat covers are installed correctly. The entire process takes about two weeks. And the workmanship is guaranteed for a full year! Seat covers, foam, and any necessary hardware must be purchased separately. Price shown includes labor only.

1984-96 Rebuilt Power Seat Track

- Professionally Rebuilt To New Specs
- Includes New Gears & Bushings

90% of the time when your seat will not move forward or back or up and down, it's because of a weak link, broken or stripped seat track gears. Just order a rebuilt unit from Eckler's and send your rebuildable core back to us within three weeks for a \$125.00 refund. Sorry, cores received after three weeks are not eligible for refund. Return cores to: Eckler's Core Return, 5225 S. Washington Ave., Titusville, FL 32780.

		Seat Track	Core Charge

1986-96 Ignition Key VATS

- Specially Coded

Because 1986 and later Corvette have specially coded ignition keys, it makes good sense to have a couple of spares. To order a key, have your local GM dealer measure the resistance on your key (it will be a 1 thru 15 value code) and add that code to the part number A9129 (i.e. A9129-1, A9129-5, etc.).

A9129-1	Code 1	14.99 ea.	A9129-9	Code 9	14.99 ea.
A9129-2	Code 2	14.99 ea.	A9129-10	Code 10	14.99 ea.

1984-96 Harness Bars

- Easy To Install • No Modifications Needed
- Mounts Multi-Point Restraint Systems
- Video Camera Mount

If you autocross your late model, then you need this product. This Arizona Speed and Marine harness bar installs quickly to the factory seat belt anchor points and requires no interior mods. Once in place, a multi-point harness can be attached to hold the driver firmly in the seat during autocross events. In addition, the bar stiffens the chassis, reducing corner load body flex. Use of factory seat belts is also retained. As a bonus, both fire extinguisher and video camera mounts are provided except on convertible. Available in gloss black powder-coat and chrome. NOT INTENDED AS A REPLACEMENT FOR ROLL BARS. Note: Aftermarket seat belts are pictured, but are not included with the bar.

1984-96 Hardbar Safety Belt Harness Bars

- Allows Perfect Placement Of Performance Belts
- Allows Belts To Hold You Securely In The Seat So You Concentrate 100% On Driving
- Bar Is Stiffer, Stronger & Lighter Than Any Other Bar

Hardbar's Harness Bar uses your stock belts or any other racing belt with a wrap around loop. The bar is easy to install and remove. It's made of aerospace aluminum and weighs less than 6 pounds. In addition, the bar stiffens the chassis.

1984-89 Dash Panel Kit

- Replaces Unsightly Dash Pad

Give your dash the look designers originally intended with Fox Enterprises' 1984-89 Dash Panel Kit. Molded from suede finished ABS plastic, this panel blends perfectly with the stock dash. There are no holes to drill for installation and everything can be returned to stock if so desired. Installation hardware, an A/C duct and the instructions are included with this kit.

1984-96 Autometer Gauge Pods/Gauges

- Custom-Fit For A-Pillar
- Single & Dual Pods

To monitor performance and to get the most out of your C4, using accurate gauges is a must. Install these easy-to-see 2-1/16" diameter gauges in the single or dual gauge pods. The pods adhere with self-adhesive tape. Each gauge with the exception of the Nitrous unit has all necessary hardware. The Nitrous gauge requires a pressure line.

38218	Nitrous Pressure Gauge (0-1600 psi)	116.99 ea.
38217	Boost Gauge (0-30 In.Hg/0-20 psi)	82.99 ea.
38254	Fuel Pressure Gauge (0-100 psi)	254.99 ea.
38219	Dual Gauge Pod	41.99 ea.
38220	Single Gauge Pod	34.99 ea.

Cyberdyne Analog Bargraph Air/Fuel Gauge

- Allows You To Tune & Monitor Your Engine

Visually monitor the performance of your engine by connecting to the factory oxygen sensor and measuring the air/fuel mixture. The 2-1/16" diameter gauge fits the Autometer Pod shown above. Nitrous oxide compatible too.

1984-96 Information Center Lens

• Reproduction Of Original

When you enter your Corvette the first thing you see is the dash. Now you can renew the info center dash with one of these reproductions. They give your center dash a fresh clean look, with clear bright colors showing through. Most original lenses have been damaged over the years, with either scratches or even holes. Simple to install, just remove the radio panel, remove the old lens and re-install the new piece. The new lens will make your Corvette look great for years to come.

Custom Autosound SS Secretaudio

- Allows Original Radio To Remain In Corvette
- LCD Display 5" Wide x 2" High x 3/4" Deep
- RF Remote Operating System Up To 40 Feet
- Main Box Can Be Stored Out Of Sight
- MP3/WMA USB Flash Drive Feature
- 10' Cord Included
- Built In iPod Interface With Docking Cable
- CD Changer Included
- 200Watt (4 x 50)

Secretaudio SST is the third generation Custom Autosound's hideaway audio system. Leave your original radio intact if you have one! The SST LCD display unit can be mounted almost anywhere and be controlled by RF wireless remote from up to 40 feet away. This breakthrough car audio system offers great flexibility for mounting in any type of vehicle. The main receiver/amplifier unit is usually hidden under the seat, or behind the dash. A 10ft cord from the receiver/amplifier plugs into the small LCD display. This display is only 5" wide by 2" high and 3/4" deep. Mount it in an ashtray, glove box, under dash or flush mount it with the included bezel. We have included the features users have requested over the last 10 years. These include USB flash drive MP3/WMA player, built in iPod interface with included iPod docking cable, CD changer control for the optional CD changer. Want a satellite radio? This system will control an optional Sirius satellite tuner and give you all the information on the LCD screen.

1984-96 Bose Speaker Replacement Amp

- Replaces Stock Amp
- Better Than Factory Unit
- Simple Plug-In Installation

When your Bose speakers, front or rear, fail to produce any sound the culprit is almost always the stock circuit board/amplifier. First check your speakers. If the cones are not ripped or damaged, the amp is most likely bad (98% of the time). To fix the problem just plug in our updated circuit board and amp with our replacement unit; it's better than the original. Sorry, returns will not be accepted on this product.

41131	Harness, Use with 39121 Speaker Amp	5.99 ea.

1990-96 Bose Speaker Amplifiers

- Bose Amp With Redesigned & Improved Capacitor For Virtually Fail- Proof Operation

New GM speaker and amplifier assemblies can cost up to \$400.00.

Why spend that much money if all you need is an amplifier? If your Corvette's speakers are popping, squealing, hissing or just won't play, 99% of the time the amplifier is the culprit.

1984-96 Bose Speaker/Amplified Enclosure Refurbishment Service

- Rebuild Amp To Factory Specs
- Saves Expense Of New Speaker/Amp Enclosure
- Test Performance Of Speaker/Amp Combo

If any speaker in your system fails to play, 99% of the time it's a bad amplifier. Unfortunately, replacing the amp requires purchasing a speaker and amp enclosure together. Send your speaker/amp enclosure prepaid and insured to Eckler's Speaker Service, 5225 S. Washington Ave., Titusville, FL 32780 along with a completed order blank. Normal turnaround time for refurbishment is 7-10 working days. Replacement of speakers, if necessary, can be done. However, we will call you for authorization prior to replacing a speaker. One Year Warranty.

- Rebuild Cassette, CD Or Tuner As Required To Factory Specifications
- Check & Repair All Radio Functions As Required
- Clean All Switches & Controls As Required

45353

35408

Let Eckler's professionally rebuild your C4 radio to factory specifications 1990-96. Before you send your entire radio to us for service, it's best to determine if the whole radio needs rebuilding or just the receiver. If you are unable to receive any stations it's the receiver; if you can't tune the radio or the CD or cassette is inoperative, it's the head, so send the appropriate unit prepaid and insured to Eckler's Radio Service, 5225 S. Washington Ave., Titusville, FL 32780 along with a completed order blank. Normal turnaround time, not including shipping time, is 7-10 working days. One year warranty.

1988-96 Power Antenna Repair Kit

- Saves Price Of New Antenna
- For Use On Factory Harada Antennas • Easy To Install

If the antenna motor is still working, this kit will repair your antenna 99% of the time. Usually, the plastic flexible extension cable snaps which obviously makes your antenna inoperative. This kit includes a new cable attached to the mast. Note: During the years from 1990-92, GM used both Harada & ACDelco antennas. Harada antennas can be identified by a rubberized sheath around the motor; ACDelco's are without a sheath.

1988-96 Headlight Motor Repair Kit

- Easy To Install
- No Need For Motor

Inside the 1988-96 headlight motors is a gear which turns the lights. From the factory, the inside of the gear is packed with a special hard gel that turns the gear. As time passes, the gel deteriorates and no longer has the strength to turn the gear so it free wheels. Our headlamp repair kit, consisting of 3 specially made Delrin® bushings, replaces the gel and makes motors operate like new. One kit repairs one motor.

1984-96 LED Taillight Kit

- Adds A Unique Look (When Lit)
- Provides Additional Safety
- Much Brighter Than Stock

When lit, this kit provides a unique red hexagon pattern. In addition, the LED's light faster than conventional bulbs thus alerting drivers behind you sooner that you're braking or turning. The kit includes 4 taillight housing assemblies, one electronic flasher and instructions and all necessary installation hardware. Installation takes about 1 1/2 hours and requires no cutting of the stock wiring harness. The kit connects electrically with a simple plug-in bulb socket installation. DOT compliant.

1986-96 Back Off™ Third Brake Light Flasher Module

- A "Must Have" Safety Device
- Simple To Install

Help prevent rear end collisions by installation the Third Brake Light Flasher Module. The module wires into your existing third brake light with two wires in just seconds, then when you apply the brakes it causes your brake light to emit a visual alerting signal of three short light flashes, followed by one long light flash (3.5 seconds). The signal automatically repeats itself as long as the brakes are applied. The repeating pattern is not random, but rather has been selected because of its ability to keep alert the drivers behind you. The module itself is about the outside dimension of a business card. An optional Back Off unit with three-wire hookup is also available which flashes the third light when you put your Corvette in reverse to alert drivers behind you. Instruction included.

- Durable Urethane Rubber Construction
- Mounts In Front License Plate Area

Protects the front bumper of your Corvette. This molded bumperette attaches in seconds and will save costly front end repairs. 1984-96 models require use of 26821 Shim.

26780	Guard	44.99 ea.
26821	Shim	9.99 ea.

Laser Shield® License Cover

- Diffuses Incoming Laser Beams
- Does Not Obstruct View Of License Numbers

Laser guns emit a laser beam which is bounced off a flat, perpendicular, metallic, reflective surface on your vehicle. This specially designed cover works to absorb and diffuse the incoming laser beam. Significantly shortens the effective distance of laser guns. Note: Buyer assumes all responsibility for using this product in compliance with local motor vehicle codes.

38740		24.99 ea.
-------	--	-----------

The Super Protector® License Plate Cover

- Protects Your Privacy
- Blurs Numbers From Side View & Overhead
- Numbers Visible From Straight On View

How does "The Protector" work? Photo-radar and photo-laser operate at known angles to the direction of traffic flow. Using a passive, state-of-the-art light-bending lens, the camera is unable to see the plate numbers, and identify your vehicle. The license plate is still readable from straight on.

Note: Buyer assumes all responsibility for using this product in compliance with local motor vehicle codes.

1984-96 Roof Panel Hardware Detail

1984-96 Roof Panel Refurbishment Service

- Saves You Over \$600 Vs. A New Top

Send us your cracked or broken roof panel and let us install a new, blue acrylic lens. Unlike other services our lens is hard coated to help prevent scratches; non-hard coated lenses are highly susceptible to scratches and accordingly cost less because you take all the risk of a scratched roof panel. Please call for details on how to order. Send Broken or damaged roof to: Eckler's Roof Restoration Service, C/O MTTP, 100 West Ellwalk Ave. Cortland, IL 60112. Send UPS prepaid and Insured. Send check or credit card order to Eckler's Corvette, 5225 South Washington Ave, Titusville Florida 32780

A5196

1984-96 Rain Coat® Sport Tops

- Canvas Soft Top For Coupes
- Folds For Compact Storage
- Easy To Install and Remove

The "Rain Coat" from Fox Enterprises Inc. is a soft top for all 1984-96 Corvette coupes. It replaces the heavy stock roof panels to give you the convenience and flexibility to install a lightweight, easy to handle roof when beautiful "convertible" days turn sour. The "Rain Coat", made of soft, top quality canvas with injection molded inner foundation, installs quickly utilizing the car's stock mounting points. Velcro seals across the front and back of the "Rain Coat" for a snug, windproof, watertight fit. All "Rain Coats" have been designed and tested to be used at normal highway speeds with no problems. Storage bag included.

1986-96 Borla Stinger Cat-Back Exhaust System With LT Tips

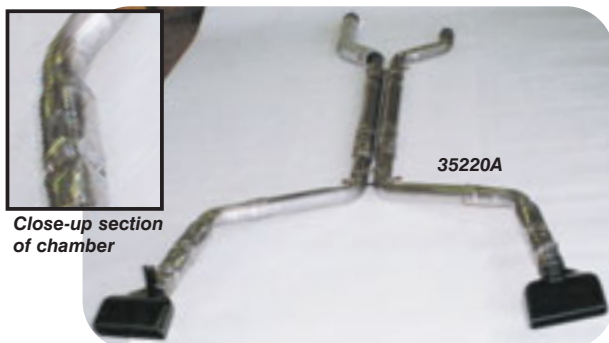

- Delivers Performance Sound Similar To C5 Stinger Exhaust
- Improves Exhaust Flow & Performance
- Bolt-On Installation

Borla has recently set the standard for great exhaust sound and improved performance with their revolutionary C5 Stinger – Now they have applied the same design and manufacturing principles to the C4 and developed the same winning combination. This cat-back system is made of aircraft quality T-304 which is the highest quality stainless steel and the most resistant to corrosion and rust used in any cat-back system. The 1986-91 Stinger uses a 3" diameter pipe leading into the Y-Pipe and 2 1/2" exiting the Y-Pipe through LT tips. Like all Borla T-304 cat-back systems, the C4 Stinger is backed by the only million mile warranty in the business.

1992-96 Aluminized Chambered Exhaust Kits

- Sounds Like Original Side Pipes
- Easy Bolt-On Installation
- Limited Lifetime Warranty

One of the sweetest sounds ever produced was heard on Corvettes with factory equipped, chambered side exhaust. Now you can enjoy the perfect exhaust note. These exhaust kits bolt on to the stock exhaust and route just like the original. No modifications to the car are required and each kit includes exhaust tips. Not only will you get great sound, you'll also get improved performance plus a limited lifetime warranty on the chambered muffler. And unlike other less expensive kits, our kit features heavy-duty, aluminized 14 gauge pipes. All necessary installation hardware is included.

-------	----	-------------

1992-96 CORSA Power Pulse™ Performance Exhaust System

- Increases Exhaust Flow By 42%
- Bolt-On Installation

CORSA Performance has just introduced a Power-Pulse™ stainless steel, cat-back exhaust system for 4th generation Corvettes. This *patented exhaust technology introduced by CORSA for fifth generation Corvettes is now available for C4 applications including LT1, LT4 and ZR1 powered models. CORSA's Power-Pulse™ Reflective Sound Cancellation (RSC)™ exhaust technology uses reflected sound waves to cancel unwanted exhaust noise and interior resonance. This 2 1/2" unrestricted, straight-through muffler design has no baffles or sound-absorbing packing. The sound is bold and clean at full throttle and incredibly quiet at cruise and highway speeds. Each exhaust system is hand-crafted out of 100% stainless steel with CORSA's polished new styled "Pro-Series 3.5" 316L stainless exhaust tips welded in place. CORSA Power-Pulse™ exhaust systems feature excellent fit and are easy to install. You will be able to enjoy the unique CORSA sound and appearance for years to come, because every Power-Pulse™ exhaust system is guaranteed for as long as you own your C4! Power-Pulse RSC™ Patent #59525625.

Installing Free-Flow Exhaust On C4's Is One Of Your Easiest Ways To Pick-up Easy Horsepower!

1984-96 B & B Tri-Flo Performance Exhaust

- Up To 22 H.P. Increase On 92-95's
- Similar Results On Other Years (ZR1+30, L4+12)
- Rolled Edge Tips

The B & B Tri-Flo Corvette exhaust system is engineered for performance and designed for an attractive, clean appearance. The system features full 3", except * items, stainless steel tubing with the exclusive B & B X-flow center resonator, which equalizes the engine's exhaust pulses, creating more horsepower and torque. Note: 2 1/2" systems are available in lieu of 3" systems at a lower price, however, sound quality is the same and horsepower output is about half that of 3" systems. All B & B Tri-Flo exhaust systems are direct bolt-on replacements for the factory exhaust. All necessary hangers and brackets are attached to the system and the original factory mounting hardware is reused. Once the original system is removed, the B & B Tri-Flo system can be easily installed in about an hour with simple hand tools. No cutting, fitting or welding is required.

1985-91 Rear Y-Pipe With Crossover Tube

• Eliminates Annoying Mid RPM Resonance

Many 1985-91 Corvette owners have complained about an annoying resonance in their cars that starts at about 1800 RPM and runs through, roughly, 2400 RPM (right in the 45-60 mph range). Walker has solved this complaint by installing a crossover tube in the rear Y-pipe. It eliminates the pulses that cause resonance. Bolt-in installation.

- Triple Chrome Plated – Mirror Finish
- Limited 5 Year Warranty*

Now you can have chrome plated factory wheels without having any downtime. Just purchase the chrome wheels plus the core charge and when you return your original undamaged wheels within 15 days, Eckler's will refund the core charge.** For your convenience, Eckler's shipping price includes return shipping of cores by FedEx. Easy-to-follow instructions for core returning are provided. If you are wanting to replace your original wheel with a different design, see retro-fit chart at bottom of page.

*All wheels carry a limited 5 year warranty against defects in chroming, except for 1988-90 wheels which carry a one year warranty.

**Full credit will be given for plateable wheels of the same size and style in mint condition returned within 15 days. Wheels in less than ideal condition will not yield a full credit. See chart at bottom for core value if returning cores not matching purchased wheels.

1985-96 C5 Rotor & Caliper Brake Upgrade Kit

- Provides Amazing Stopping Power Of A C5
- Completely Bolt-On Kit

Give your C4 "stop on a dime" capability with C5 front brakes. It provides a 25% bigger pad plus the rotors are 11% lighter

than the C4's 13" big brake package! The kit includes GM, Corvette twin-piston front brake calipers, 13" sport brake rotors, Hawk high performance HPS brake pads, D.O.T. approved stainless steel flex brake hoses, all necessary mounting brackets and hardware plus easy-to-follow installation instructions. Note: this kit must be used with ZR-1, Grand Sport or equivalent aftermarket wheels.

-------	---------	-------------	-------	---------	------------

1985-96 J55 Front Brake Upgrade Kit

- Huge Stopping Improvement On 85-87's
- Excellent Stopping On 88-96's
- Bolt-On Installation
- Must Be Used With 17" Wheels

From 1988-96 Chevrolet offered, as an option on standard equipment Corvettes, the J55 front brake upgrade. It was standard equipment on the factory hot rods; Grand Sport and Collector Edition models. Now you can upgrade 1985-96 models with this factory option, but with the benefit of today's slotted rotor technology. 1985-87 Corvettes were equipped from the factory with single piston calipers and small 12" rotors. By installing the J55 Front Brake Upgrade Kit, you'll get a 25% increase in stopping power with the conversion to Girling dual piston calipers and properly sized 13" sport slotted rotors. Included with the kit are Hawk HPS brake pads, rubber brake hoses and all necessary mounting brackets. 1988-96 standard equipment Corvettes were equipped from the factory with dual piston calipers, but only 12" rotors. This conversion kit will improve your stopping power by 10% with Girling dual piston calipers and sport slotted 13" rotors. Also included with the kit are Hawk HPS brake pads, rubber hoses and all necessary mounting brackets.

-------	---------	-------------	-------	---------	-------------

1988-96 Hawk Ceramic Disc Brake Pads

- Lowest Dusting Hawk Brake Pads Ever
- Improves Stopping Distance Over Factory Brake Pads
- Quiet & Rotor Friendly

Finally a disc brake pad that stops and is low-dusting. Hawk Performance Brake company has formulated an aerospace ceramic material that is cleaner and stops better than a factory brake pad. This low-dusting ceramic pad will be as quiet as a mouse while at the same time being gentle on the rotor for long life wear.

1988-96 Dura Stop Ceramic Friction Brake Pads

- GM Upgrade Over Stock Pads
- Low Dusting
- Quiet Braking

50467

ACDelco Dura Stop Pads

have been specially developed for C4's not to produce annoying and unsightly brake dust typically found in ordinary friction formulations. They also have the noise suppression features of being shimmed, slotted and chamfered plus they are ultra quiet because they don't have iron or steel fibers. Ceramic friction also outlasts other non-ceramic pads.

1984-96 Braided Brake Hose Sets

- Meets Federal Motor Vehicle Safety Standards No 106
- Increases Pedal Firmness
- Corrosion Resistant Stainless Steel

Every time you apply the brakes, the factory rubber hoses expand under hydraulic pressure. Even a small amount of expansion is enough to make the pedal seem soft. Braided stainless steel brake hoses give you more confidence by delivering a faster response time and a firmer pedal.

Dual Chamber Brake Master Cylinder Pressure Bleeder

- Bleeds Brakes Like The Professionals
- Pressurized Brake Fluid Forces Trapped Air From Brake System
- Fits All Dual Chamber Automobile Metal Master Cylinders

Finally an affordable and easy-to-use brake pressure bleeder for the do-it-yourself mechanic is now available.

This tool uses air pressure to force brake fluid through the system during the brake bleeding process. Pressurized fluid forces all the trapped air in the hydraulic system out, providing the most efficient way to have a firm brake pedal. This kit will work on any dual chamber, metal master cylinder and eliminates the need for a second person during the bleeding process.

1984-96 KYB Gas Shock Absorbers

- High Pressure
- Great Price
- Excellent Replacement Shock

KYB high pressure gas shocks are excellent performance replacements for both Bilstein and non-Bilstein equipped 1984-96 Corvettes. In terms of performance, KYB's are "guaranteed" not to fade! In fact, regardless of how much or how hard the shock is worked, the KYB shock still provides 100% shock absorbing efficiency - now and forever. The KYB mono-tube shock is backed by a limited lifetime warranty. KYB is an excellent selection for Corvette owners who demand life-long service out of a performance shock. Cannot ship by air.

1984-96 Edelbrock Performer IAS Shock Absorbers

- Unique Inertia Active System
- Improves Handling Yet Delivers A Smooth Ride

Edelbrock's all-new Performer IAS shock absorbers dramatically reduce chassis roll around turns, yet deliver a smooth, comfortable ride. No other shock can offer this kind of performance because no other shock has their patented Inertia Active System. This unique system is soft on rough roads and firm on smooth roads to keep the tires firmly planted on the ground and the chassis stable. The result is a vehicle that's safer and more fun to drive. With Edelbrock, you get the best of both worlds... superior handling and comfort! Cannot ship by air.

1984-96 Smart Struts And Performance Camber Rod Kit

- Increases Rear Wheel Traction
- Reduces Uneven Tire Wear

Give your Corvette's rear suspension, the competitive edge. Smart Struts increased adjustability and rigidity improves suspension geometry, eliminating camber change during suspension travel. This keeps more of the tire's contact patch on the ground at all times. The result is improved traction and stability during hard cornering, as well as more off the line traction. Its heavy duty construction will also maintain alignment settings better than the factory components under aggressive driving maneuvers.

Kit comes complete with: heavy duty upper strut rod mounting bracket, camber adjustment cams, custom poly-adjustable struts, all hardware and instructions.

31932	Polyurethane Rod Ends	199.99 kit
33737	Heavy Duty Rod Ends	389.99 kit
33738	Racing Rod Ends	399.99 kit

1984-96 Heavy Duty Rear Toe Rod Kit

- Maintains Precise Rear Toe Settings During Extreme Driving
- Noticeably Improves Handling Predictability

The factory toe rod assembly is inadequate for Corvettes used in serious autocross, track time or drag racing events. The stock toe rods deflect and allow untimely and unwanted toe changes. The result is the rear tires can cause wandering, increased E.T.'s and cause the lack of a positive sense of stability when drag racing. In autocross or track time driving, the toe change will upset the car's ability to corner and reduce the drivers' confidence while cornering, resulting in slower lap times.

1984-88 Richmond 6-Speed Transmission

- Best Replacement For Doug Nash 4+3 Transmission
- Less Costly And Better Performance Than Rebuilding Original
- Transmission With Shifter Only -

According to Corvette Fever

Magazine, this transmission is the best replacement for the original equipment 4+3 transmission. Unlike the 4+3 which in practical use is a four speed with an overdrive, the Richmond gives you five gears plus an overdrive. Includes transmission with shifter.

1984-96 Fidanza Manual Transmission Aluminum Flywheels

- Ideal For Unleashing Your Engine's Full Power (Approximately 25 Hp)
- Upgrade Over Stock Flywheel Offering Superior, Replaceable Friction Surface
- Perfect For Spirited Driving Because Flywheel Decelerates Quicker When Disengaged Allowing You To Match Revs Sooner

Fidanza's hi-performance 10-13.5 lb. flywheels will give you an instantaneous improvement in performance and is an instant upgrade over your stock flywheel. Fidanza's 6061 T6 billet aluminum flywheels are SFI approved, have a completely replaceable 1050 high carbon alloy steel friction surface and a steel ring gear. Footnote: Lightweight flywheels are an excellent way to distribute the horsepower that an engine creates more efficiently. Aluminum flywheels will add much more performance to your engine because factory built flywheels are so heavy it takes an immense amount of power just to get it rotating. To rotate the factory flywheel from 1000 rpm to 6000 rpm can take as much as 40 horsepower. That same application with an aluminum flywheel, because of its lighter weight, takes less than 15 horsepower. This means that the horsepower the engine is saving is actually sent to the wheels and not spent rotating the heavy steel flywheel. If you're wondering about the drawbacks, there are none. With all the benefits of the lightweight flywheel, driveability is virtually unchanged and in most cases improved.

Note: Aluminum flywheel must be balanced to match original before installation on big block engines.

1984-96 Ram Premium Clutch Kits

- Upgrade Over Original Equipment
- Pressure Plate, Disc & Throwout Bearing

Clutch Kits are matched pressure plate, clutch disc and throwout bearing sets that have been designed

for engines that have been mechanically upgraded over stock. These sets are direct replacements for stock assemblies and require no additional effort in driving. The additional torque capacity of these clutches is the result of a much improved clutch disc friction material that can withstand the added power output and aggressive driving style of today's mildly modified street combinations. Each set includes a pilot tool to make alignment of the disc a snap.

1994-96 LT1 & LT4 Heavy-Duty Stage II Clutch Kit

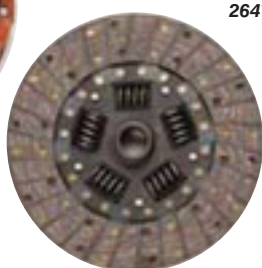

- Will Handle Up To 475 H.P
- Allows Quicker Revs With Aluminum Flywheel
- Perfect For Street & Track
- Attention Installers: Flywheel Must Be Balanced To Match The Original Before Installation

This Stage II Clutch Kit is a complete high performance package including aluminum flywheel, pressure plate, clutch disc, throw out bearing and alignment tool. The 12.5 pound aluminum flywheel reduces reciprocating weight by 24 pounds for instantaneous throttle response and more rear wheel horsepower. We guarantee you will feel the increased power and enjoy the smooth operation of this high performance clutch kit.

1984-96 Direct Fit Replacement Aluminum Radiators

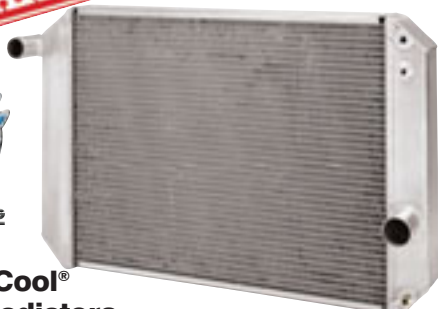

- Cools Better Than Stock Radiators Due To Greater Surface Capacity
- Longer Lasting Than Stock Radiators
- Bolt-In Installation

GM's 1984-96 C4 radiators have a single row of cooling tubes and plastic end tanks that are epoxied in place. These direct replacement radiators feature 2 rows of cooling for as much as 100% additional cooling surface and they have press formed aluminum end tanks that are tig welded to the core for a permanent seal. The core of this aluminum replacement is furnace brazed which provides a leak-free core without the use of epoxy.

45241 1984-89 529.99 ea.

32945

1984-96 Be Cool® Aluminum Radiators

- Engine Runs Cooler 20°-40°
- 40% Lighter Than Stock
- Vacuum Braze Assembled (Epoxy Free)

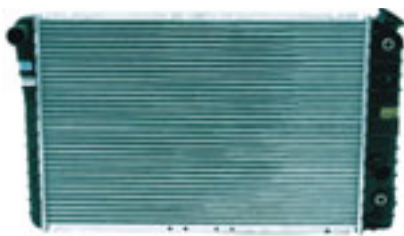

High horsepower engines generate a lot of heat and require extra cooling. Whether you performance drive your Corvette or cruise it, keep its coolant temp in check with this high capacity aluminum radiator. It features a cast aluminum filler neck, extra strong tanks and advanced core technology. Delivering lighter, more durable and cooler operations over brass and steel radiators.

1984-94 Upgrade Cooling Fan Control Relay & Wiring Harness Repair Kit

- Upgrades 1984-94 Relays

The cooling fan control relay controls the power to the fan. Most of the time, when the fan isn't coming on, it's the relay.

Fortunately, this part is easy to replace at home. For 1984-87 Corvette owners you can replace the factory connector with the upgrade repair kit. For 1988 and later models, it serves as a direct replacement. Kit includes relay, wiring terminals, weather tight seals and new harness terminal.

30975	Harness Repair Kit	4.99 kit

1984-95 Cooling Fan Switch and Harness

- Lowers Engine Coolant Temperature
- Maximizes Engine Performance

The stock C4 Corvette cooling system runs inherently hot.

GMP has the solution to this annoying problem. GMP offers electric cooling fan switches in four different temperature ranges. The switches will turn

on the main fan, auxiliary fan or both at a lower temperature. Lower coolant temperatures will maximize engine performance and reduce engine wear. Each kit comes complete with switch, harness, hardware and instruction sheet for easy installation. Part number 40290 and 40416 switches are recommended for stock applications. **Part number 40414 and 40415 switches are recommended for highly modified cooling systems and/or off-road racing only.

40415**	Cooling Fan Switch, 185° On, 170° Off	44.99 kit
40414**	Cooling Fan Switch, 190° On, 175° Off	42.99 kit
40416	Cooling Fan Switch, 195° On, 180° Off	44.99 kit
40290	Cooling Fan Switch, 200° On, 185° Off	44.99 kit

Note: Each switch has a + or - 5 degree error factor.

1985-96 Hi-Flo Injectors

- Outflows Factory Injectors (22 Lbs./Hr.)
- For Hi-Performance/Modified Engines
- Two Flow Choice Options (24/30 Lbs./Hr.)

These Hi-Flo Injectors are perfect for mildly modified or highly modified engines that require more fuel. You can also use the 24 lb. injectors as an economical replacement for factory injectors which run roughly \$720.00 set.

40959	1985-96 Excluding ZR-1 (24 Lbs./Hr.)*	399.99 set
40960	1985-96 Excluding ZR-1 (30 Lbs./Hr.)*	399.99 set

* Note: Installation on LT-1 engines requires a simple 10 minute lengthening of the plastic clip groove.

1984-96 ACDelco Oil Filters

- Provide Optimum Filtration For Entire Service Interval

ACDelco filters have been engineered to provide maximum filtration for your specific application. ACDelco filters take into consideration all elements of the system so you get not only proper filtration, but the correct air or fluid flow for the period of time specified in your service manual. Using ACDelco filters assures that such key performance parameters as the air/fuel ratio will be kept in perfect balance for optimum performance.

1984-96 Engine Belt Tensioners And Pulleys

- Replaces Worn Originals

Tensioner controls how effectively your Corvette's alternator and water pump operate. If the belt marker does not fall within the hash mark indicators on the tensioner you need a new belt or tensioner. However, if the pulley is noisy, you can most likely get away with just replacing the idler pulley.

1984-93 Hypertech Power Chips

- Produces Instant Power • Improves Throttle Response
- Easy 15 Minute Installation

Would you like to reduce your 0-60 elapsed times by almost a 1/2 second, add up to 20 horsepower to your engine without a single modification or have your Corvette be 2.6 car lengths faster? You can realize these improvements by installing the Hypertech Power Chip. Simply remove the stock chip from the electronic control module and install the Hypertech Chip. How does the Hypertech Chip work? At wide open throttle, the Power Chip selects an optimum spark advance and air/fuel ratio, thereby allowing the engine to perform way beyond the limitations imposed by the stock chip. And because the Power Chip only affects wide open throttle operation, fuel economy is unaffected. The Hypertech Power Chip is available in 2 types. Street Runner is designed for stock or slightly modified Corvettes and will yield the results mentioned above. Thermo Master has been further modified to allow the use of a cooler thermostat (160 degrees). A cooler engine, of course, will make more power than a hot engine. For your ordering convenience, the 160 degree thermostats are listed below the chips along with the GM thermostat housing gasket.

1994-96 Hypertech Power Programmer III

- Increases Horsepower
- Recalibrates Speedometer
- Easy To Use

Since 1994, the Corvette's computer no longer has a replaceable chip, so Hypertech developed a portable programmer allowing you to reprogram your Corvette's computer yourself. Simply plug the programmer into the computers ALDL connector and you're ready to re-program. With a push of a button, the factory program is downloaded into the programmer where it is stored, and may be used again if needed. Then Hypertech's performance program is uploaded. The program features both optimized ignition and fuel curves for maximum horsepower at all rpm points resulting in improved driveability and performance. The Power Programmer also raises the automatic transmission's shift points and the engine's rev limiter. It will even recalibrate the speedometer for a gear ratio on automatic equipped 3:15 cars.

Why It's Better! Unlike other programmers, Hypertech is a multiple use programmer. Other brands can only be used once before factory reloading is required. That's why it's better for you.

1985-95 Air Intake Air Temperature Sensor/Relocating Kit

- Ideally Locates MAT Sensor
- Dramatically Improves Performance

The Air Temperature Relocating Kit repositions your engine's air intake temperature sensor from the hot plenum area to the air filter base where it can sense cooler air. This enables the ECM to adjust fuel to more accurate air temperatures resulting in increased engine performance. This kit can be used with or without the Forced Air Induction System. Includes the following: IAT Sensor, CAD/CAM designed and CNC machined aluminum mount bracket with stainless steel hardware and 78" extension harness and cable ties. Installation takes approximately 30 minutes using step-by-step instructions.

35079

1985-95 "High Flow" Throttle Body Air Foil

- Adds 11.8 More Horsepower
- Increases Torque 12.5 Ft./Lbs.
- Boosts Air Flow By 40 CFM

Throttle Body Air Foil reshapes the air as it enters the intake plenum to produce more torque and more horsepower. It adds higher usable RPM and yields 11.8 more horsepower at 4750 RPM. The foil installs into the opening of the throttle body in less than 5 minutes with just one screw and fastener.

Modifications to the system are not required, just bolt in.

A5965 (Except ZR1) 25.99 ea.

1984-91 Throttle Performance Switch

- Instantly Improves Throttle Response
- Delivers Maximum Rate Of Fuel And Timing Advance
- Plug-In Installation
- 50 States legal

In just five minutes, without a single tool, you can plug-in the Kirban Throttle Performance Switch and get an instant improvement in throttle response performance. The switch plugs in line with the throttle position sensor to deliver the optimum and maximum amount of fuel and timing advance whenever you give your Corvette at least 60% throttle. Each switch is supplied with installation instructions.

31542 1984-91 149.99 ea.

1994-96 Granatelli Max-Flow Modified Mass Air Sensor

- Increases Air Flow (from 530 to 640 CFM)
- Adds Up To 10 H.P. (Rear Wheel)
- Bolt-on Installation

Recalibrated and fully ported, the max-flow sensor is ideal for those who thirst for more power. Installation instructions included. E.O.# Pending.

37621 All Except ZR1 399.99 ea.

43144

1994-96 Granatelli Aluminum Mass Airflow Sensor Housing

- Provides Up To 9 H.P. & 7 Ft./Lbs. Torque Gain
- Over 50% Flow Improvement (Stock Meter = 640CFM/Granatelli = 1050 CFM)
- Bolt-On Installation

If you've added a cold air induction system, the only way to realize the full benefit of the system is to remove the restrictive factory mass airflow sensor. The housing is supplied with all necessary hardware. Not legal for sale or use in California.

43144 Red 123.99 ea.

1994-96 1000 CFM Mass Air Flo Housing

- Up To 9 H.P. Increase & 7 Ft./Lbs. Torque
- Easy To Install
- Dyno Proven

Improved flow and a cooler, more dense charge are yours with this 1000cfm housing.

Unlike the stock aluminum housing, which acts like a heat sink, this machined nylon unit provides cooler air which gives your Corvette more power. Air foil included, but not pictured.

43820 47.99 ea.

1992-96 Throttle Body By Pass Tube

- Adds Up To 5 H.P. (Rear Wheel)
- 5-minute Installation

This tube allows hot water to by pass the throttle body, thereby yielding cooler inlet air. For every 10° drop in air temperature you realize a 1% horsepower gain.

Installation of this tube requires no permanent modifications to your car. Instructions included.

41554 19.99 kit

1985-96 BPP Vortex Rammer Cold Air System

- Up To 22 H.P. Increase
- 5 MPH & 3.5 Tenths In 1/4 Mile
- Replaces Stock Air Box

The Vortex Rammer obtains cool, pressurized air from the radiator cavity, drives it through the radiator shroud into the specially designed scoop and forces it into the Rammer sealed box. On C5's it is then routed into a revolutionary air cleaner that contains an internal velocity stack. The radiator shroud requires a simple cut-out on all installations. Available with a black or clear cover that houses the filter. Installation hardware and instructions included.

1984-96 K&N Hi-Performance Air Filters

- Increases Air Flow Up To 57%
- Improve Horsepower
- Washable, Reusable Filter

There are 3 good reasons to switch to a K&N Hi-Performance replacement air filter. 1) it increases air flow, improving power and mileage; 2) it operates at a higher level of efficiency for a longer period of time than stock filters; and 3) it's a washable, reusable filter that will be good for the life of your engine. Sealing grease is highly recommended on all filters. AC filter numbers are listed in parenthesis after the year of car.

1984-85 Competition Cams' Magnum Roller Tip Rocker Arms

- Dyno Proven 20 Horsepower Gains
- Reduce Valve Stem & Guide Wear

Competition Cams' unique forge-cast roller tip design reduces friction. As a result it has been dyno tested to produce 15-20 horsepower increases and it makes valve stems and guides last longer. Magnum Rockers fit all 84-85 small block engines (1.52 rocker ratio). Each rocker is supplied with a rocker ball and lock nut. Set of 16.

A5783 189.99 set

1986-95 Competition Cam's Rocker Arm Kit

- Magnum Rockers Produce 20 HP Gain

Competition Cams' has put together 2 kits that will allow their Magnum rocker arms to be used on all 86L-95 Corvettes. The kit also includes 5/16" guideplates and push-rods. The Magnum rocker arms have been dyno tested to produce 15-20 horsepower increases. The reduced friction also makes valve stems and guides last longer. Their long slot design allows you to use camshafts with much higher lift than stock cams. Each set of 16 rockers is supplied with a rocker ball and lock nut.

Starter Motor Heat Blanket

- Insulates Starter From Heat
- Prolongs Starter Life

Blanket attaches with straps. Ideal protection from exhaust manifolds or headers.

53626	29.99 kit
-------	-----------

1984-96 Gear Reduction Starters

- Eliminates Hard Starting Problems
- Ideal For High Compression Or High-Performance Engines
- Lighter & Smaller Than Stock

If starting problems are aggravating you, we have the cure - a Power Master, Hi-Torque, 4.4 to 1 Gear Reduction Starter.

It's far more powerful than any stock starter plus it's lighter and smaller than the stock unit to make header clearance a thing of the past. And because the Power Master starter does not act as a heat sink it is unaffected by high header heat or high underhood temperatures. It has a billet aluminum adapter block and mounting bolts are included for easy installation.

1984-96 Ultra-Seal™ Valve Cover Gaskets

- Unique Gasket Material Swells To Control Leaks

Ultra-Seal™ material provides a positive seal through controlled swelling of the gasket once exposed to hot engine oil. The polymers used in Ultra-20™ also insure gaskets will not harden and fall apart like cork gaskets. Gaskets are coated with an easy release material which helps prevent tearing when the valve covers are removed.

OPTIMA® Batterys With Dual Posts

- Great For High Watt Demand Electrical System
- Ideal Replacement For Stock C5 Battery
- Won't Leak Like Stock Batteries - Avoiding Damage To Computer & Wiring Harness
- Deep Cycle
- 12-Month Free Replacement
- Spiralcell® Technology - Lasts 3X Longer & Can Sit 3X Longer Than Other Batteries

Inside this unusual battery, a completely sealed, maintenance-free, lead-acid unit, is a six-pack of Spiralcell® Technology. Traditional batteries have a stack of thick lead plates surrounded by acid. The OPTIMA® batteries feature two thin lead plates wound into a tight spiral cell, with an absorbent glass-mat in between to hold the electrolyte solution. This unique design allows for more power and increased energy, resulting in quick, reliable starts. OPTIMA® batteries are the first and only batteries to feature Spiralcell® Technology. It provides constant performance quality keeping your battery running at the same level as it's being discharged. Cannot ship by air.

Battery Tender

- Safe, Reliable, Trouble Free Battery Care
- Developed To Maintain Batteries Not In Constant Use Or Storage

Automatically switches off after fully charging to storage charge; constantly monitors the battery without the damaging effects of trickle charging. The initial charge cycle of the Battery Tender brings a battery to a full charge at approximately 14.4 volts about 1.25 amps. After a full charge is reached, the Battery Tender automatically converts to a float charger and monitors the battery at 13.6 volts. Although there is a constant voltage of 13.6 volts being applied to the battery, it is doing so at very little or no current. What this means to the user is safe, reliable, trouble free battery care. Although periodic battery maintenance is always recommended, the Battery Tender will monitor the battery for years without the fear of boiling or destroying the battery. Aluminum construction equipped with 6' power cord, and 6' output cord with clamps, 5 year warranty.

59.99 ea.

Schumacher Mity Mite On Board Battery Charger

- For Corvettes Not Driven Daily Or During Winter Storage
- Compact, 1.5 Amp, 12 Volt, Automatic
- Install In Corvette & Leave It
- Two Year Warranty

This on board charger keeps your battery strong during times of storage or non-use. When it gets a voltage drop of one, it activate and charges your battery to full strength. Shuts down automatically to prevent overcharging. On/Off charging indicator lights tells you what phase the battery charger is on.

88-0158-2

49.99 ea.

CTEK Battery Chargers

- Provides Automatic Four-Step "Smart" Charging
- Will Never Overcharge Your Battery
- Keeps Battery At Peak Performance
- Ideal For Occasionally Driven Corvettes
- Compact & Weatherproof For In-Car Mounting

50434

CTEK makes "the smartest battery chargers in the world." To back up that claim, the battery charger uses a fully automatic four-step charging process making it suitable for all types of 12-volt lead-acid batteries. The battery charger can be safely connected for months at a time making it ideal for seasonal vehicles. There's no need to disconnect the battery while charging since it will not harm vehicle electronics, produces minimal gas build-up, is splash and dust proof, double-insulated and has temperature protection to prevent the charger from overheating. A two-year manufacturer's warranty attests to the confidence CTEK has in their battery charger. Supplied with two interchangeable connection leads, one has clamps and the other has eyelet terminals. The quick disconnect feature allows you to use the charger with the eyelet terminals bolted to your Corvette battery or connect the charger using the clamps to your other toys. The battery charger is outdoor-approved and small enough to be permanently mounted next to your Corvette battery if you wish, using the convenient mounting holes. Low back-current drain means that without the power cord connected, the charger won't deplete the battery.

88-0331-1 CTEK 800 49.99 ea. 88-0330-1 CTEK 3300 74.99 ea.

12 Volt Automatic Battery Storage Float Charger

- Keeps 12V Battery Fully Charged Without Overcharging
- For Long Term Storage
- Provides Constant, Regulated Current To Keep Battery At Peak Capacity
- 1 Year Warranty

88-0329-1 16.99 ea.

Battery Tender Waterproof 800 Charger

- Charges Battery & Maintains Proper Storage Voltage Without Damaging Effects Caused By Trickle Chargers
- Waterproof For Outdoor Use
- Operates Anywhere In The World

The Battery Tender Waterproof 800 is perfect for outdoor use. Its circuitry is totally epoxy encapsulated so it will perform even while submerged under water. The unit packs 800 milliamps of pure charging power yet it is no larger than the size of a standard computer mouse. You can use Battery Tender anywhere in the world (100-240VAC 50/60 Hz) and the unit is reverse polarity protected, spark proof and it complies to international safety standards (UL/CSA/CE). Like all Battery Tenders, it has a micro-processor (brain) that controls the charging of each battery so that your battery doesn't get "cooked" the way conventional chargers can do. This lightweight unit weighs only 1 lb. and carries a manufacturers' 2 year warranty.

1984-91 Davis "Hi- Voltage" Coil Kit

- Produces Twice the Output of Stock Coil

The coil is remarkable in that it's capable of 7000 RPM's WITH 50,000 VOLTS OF POWER! To back up the super high voltage spark, the coil is mated to a superior cap with bronze terminals and a special material rotor also with bronze terminals for rotors to prevent misfire within the highly charged cap. For those of you who like to experiment you may want to try plug gaps of .050-.055"; wider gaps expose more spark to the combustion chamber to yield even greater improvements. The result will be even easier starting, more power and possible gains in fuel economy. These kits will fit all 84-91 Corvettes except the ZR1, and their installation does not alter factory timing nor affect the engine's computer.

1984-91 Distributor Parts

- Choose The Best Depend On
- Genuine ACDelco Replacements
- Fits All Except ZR1

Each ACDelco ignition part is designed to perform. Even a simple condenser, if changed for another brand, can significantly upset the output of the ignition system. Even the ACDelco rotors are balanced so the performance curve is exactly right for your particular engine. It is sufficient to say that when you service your ignition system with genuine ACDelco parts you are guaranteed optimum trouble-free performance.

1984-91 Hi- Performance Ignition Module

- Improves Spark
- Allows For Hi-Performance Tuning

Performance Distributors' hi-performance ignition module, when combined with some minor turning mods can give you a huge improvement in off-the-line acceleration. Technically speaking, the module has more electronic dwell which allows additional coil saturation. The net result is a more powerful spark! The module can be installed in a matter of minutes and works extremely well with the Davis "Hi-Voltage" Coil kit shown on this page.

MSD 6AL-2 Multiple Spark Discharge Ignition

- Provides More Power & Faster Starts
- Delivers Better Idle & Smoother Running
- Now With All New Housing & Digital Circuits
- Built-In 2-Step Rev Control (No RPM Modules)
- Higher Output Up To 135mj & 535 Volts
- 50 States Legal

The new MSD 6AL-2 (Multiple Spark Discharge Ignition) is designed to improve the performance of daily drivers and week-end warrior vehicles. It features an all new housing, digital circuits for higher spark output and a built-in 2-step rev control for street/strip vehicles. It works on any vehicle with a 12 to 18 volt electrical system. MSD-6AL-2 can be triggered using breaker points, magnetic pickup or electronic amplifier outputs.

1984-96 ACDelco Spark Plugs

- OEM Plugs
- Cuts Radio Noise

ACDelco

ACDelco has a "totally correct" spark plug for your Corvette's engine. Sure, others will work, but none will perfectly complement the ignition system. ACDelco spark plugs are designed to achieve the optimum in engine performance when used in connection with ACDelco's total ignition system. In fact, the spark plugs even use a special resistance in the plug just for your engine so that radio interference is minimized. Insist on genuine ACDelco spark plugs!

* All Except ZR1

Note: As you probably know this product has a thin wire inside that measures the air flow that moves across it and tells the engine's computer it needs more or less fuel. These commonly fail all together or work sporadically because the thin wire (aka element or guide wire) breaks or grounds out causing your Corvette to stall. An easy way to check for a broken, but not severed wire is to gently tap on the MAF sensor with the handle of a screw driver while the car is running, if it stalls it most likely is a bad sensor. Two other parts that can also cause stalling are the burn-off relay and power relay, so check these too.

1984-87 Cooling Fan Control Relay & Harness Repair Kit

- Upgrades 84-87 Relays
- Stock Replacement For 88-96's

The cooling fan control relay controls the power to the fan. Most of the time, when the fan isn't coming on, it's the relay. Fortunately, this part is easy to replace at home. For 1984-87 Corvette owners you can replace the factory connector with our harness repair kit or upgrade the inadequate stock relay. For 1988 and later models, it serves as a direct replacement.

30974	Upgrade (1988-96 Replacement)	18.99 kit
30975	Harness Repair Kit	4.99 kit

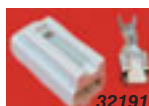

1984L-96 Underhood Light Wiring Harness Switch

- Turns Off Underhood Light
- Ideal For Prolonged Work Or Car Shows

The switch's harness plugs into the stock harness in less than 10 minutes without any modifications to the stock system. The harness uses GM connectors and "Flex Guard" conduit to provide a factory look. Instructions included.

1984-96 Sensor Test Tools

- Test Accuracy Of Sensors
- For Use With Digital Voltmeter

GMP's Sensor Test Tools help you maintain a smooth, efficient running vehicle. Each tool plugs directly into the appropriate sensors. Use voltmeter (not included) to determine whether or not a signal is being exchanged between the sensor and computer. The tool helps read the accuracy of that signal.

1984-93 Diagnostics Key

- Accesses Car's Diagnostic System

Plugs into dash module of 1984-93 Corvettes, making the "check engine" light flash the code of any specific problem area. Code can then be referenced in maintenance manual.

22719 12.99 ea.

1986-96 Security Ignition Key

- Specially Coded

Because 1986 and later Corvettes have specially coded ignition keys, it makes good sense to have a couple of spares. To order a key, have your local GM dealer measure the resistance on your key (it will be a 1 thru 15 value code) and add that code to the part number listed below. We'll ship you the correct key which can then be cut by a local locksmith. It's as easy as that.

A9129

14.99 ea.

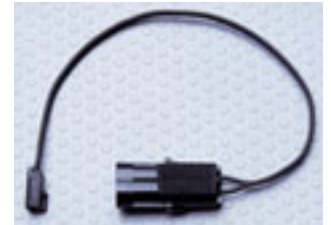

1986-96 Security Override System (SOS)

- Simulates Correct Key
- Easy Installation

On occasion, your Corvette's VATS system may not recognize your key's code, leaving you stranded. The SOS is an inexpensive module that when plugged into your wiring harness simulates your correct key. Nothing shows to let thieves know your VATS have been bypassed. To order your SOS have your local GM dealer measure the resistance on your computer key (it will be a 1 thru 15 value code) and add that code to the part number listed as indicated below (i.e. A9133-5). Key not included.

A9133

25.99 ea.

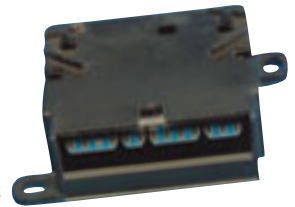

1984-89 Theft Deterrent Module

- Replaces Failed Stock Units
- Factory Original
- Simple Plug-In Installation

On 1984-89 Corvettes the biggest reason for non-working factory theft systems is failed modules. The easiest way to trouble shoot this problem is simple - if the security light on the dash board doesn't blink then 98% of the time you have a failed module. To correct the problem just plug in our factory original part. It's as easy as that! Sorry, returns are not accepted on this part.

1984-96 Front Lower Big Mouth Performance Air Dam

- **Maximizes Usable Cool Air Flow**
- **Decreases Coolant Temp's 3-6°**
- **Adds Performance To Ram Air Systems**
- **Helps To Prevent Water Ingestion**
- **Keeps Road Debris Out Of Radiator Area**

One of the many benefits of the Big Mouth Performance Air Dam is easy installation. It installs in about 45 minutes by removing the stock spoiler center bracket and drilling 4-1/8" holes in the skid bar. The Dam then fits on top of the lower radiator baffle and bolts in place. Included with the powder coated Dam is stainless steel hardware and installation instructions.

Aluminum Wheel Buff

- **Use With Busch Super Shine**

3" diameter buff includes arbor for 1/4" drill.

35906

25.99 ea.

HD Aluminum Wash & Buff Kit

Restores a brilliant shine to surfaces that are extremely difficult to polish by hand. Works well on aluminum wheels, engine accessories, plus most brass and stainless accessories. A drill is required. Kit contains 8 oz. HD wash, 1/2 lb. HD buffing compound, 1/2 lb. high luster buffing compound, 2 buffs and drill arbor.

35905

36.99 kit

Aluminum Wheel Wax & Sealant

Adds a mirror-like brilliance to your car's aluminum wheels by removing swirl marks and hazy residue. To improve corrosion resistance, especially in adverse winter conditions, just apply sealant but do not wipe off. Cannot ship by air.

26240 16 oz.

19.99 ea.

Aluminum Polish - "Super Shine"

Restores brilliance to dull uncoated aluminum wheels. Can be applied by hand or power buffed. Black residue wipes off easily and washes off hands with common soap and water. Provides a long lasting brilliant shine with superior resistance to dulling. Cannot ship by air.

35904 16 oz

17.99 ea.

Clear Coat Remover

Removes dull, peeled and streaked polyester or acrylic clear coat from aluminum and chrome surfaces. Easy to use - brush on and hose off. Bare aluminum can then be polished or painted. Cannot ship by air.

Corvette - Collector's Library

As part of the authoritative Collector's Library Series, Corvette includes all the technical information you would ever want to know about these powerful cars. It covers every incarnation of the Corvette over its first half century, from the first model designed by General Motors in 1953, through the innovative 1957 re-design by Zora Arkus-Duntov and the distinctive Sting Ray of the 1960's, up to the hot C5 of the late 1990's. Specification and value charts, as well as investment and driving tips, round out the wealth of information provided. With a detailed text, 176 pages, more than 200 photographs, Corvette will turn any fan into a walking encyclopedia of knowledge on this legendary car.

44585

DISC ea.

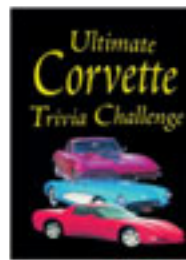

The Complete Book Of Corvette

The "Complete Book of Corvette: Every Model Since 1953" written by experienced automotive author Mike Mueller takes the promise of the book's title to the limit with a highly detailed review of everything Corvette since its introduction over 50 years ago. Published in November 2006, it's available now from Eckler's. Lavishly illustrated with 400 color and 100 black & white photos, "The Complete Book of Corvette", showcases every model year from the first simple 6-cylinder in 1953 to the technology-rich C6 of today. Besides the production Corvettes, this hardcover book offers an in-depth look at the prototypes and experimental models, the anniversary and pace cars and the specialty packages for street and competition driving that have made the Corvette a living automotive legend. "The Complete Book of Corvette" is attractively sized at 10-1/2" x 12" and entices readers to explore its 352 pages after seeing the classic 1963 split-window Sting Ray on the cover. With extensive details, specifications and photographic coverage, "The Complete Book of Corvette" is the ultimate resource on America's favorite sports car. Chevrolet officially licensed the book and included many never-before-published photos from the General Motors design studio archives.

Battery Tender

- Safe, Reliable, Trouble Free Battery Care
- Developed To Maintain Batteries Not In Constant Use Or Storage

Automatically switches off after fully charging to storage charge constantly monitors the battery without the damaging effects of trickle charging. The initial charge cycle of the Battery Tender brings a battery to a full charge at approximately 14.4 volts about 1.25 amps. After a full charge is reached, the Battery Tender automatically converts to a float charger and monitors the battery at 13.6 volts. Although there is a constant voltage of 13.6 volts being applied to the battery, it is doing so at very little or no current. What this means to the user is safe, reliable, trouble free battery care. Equipped with 6' power cord, and 6' output cord with clamps, 5 year warranty.

88-0160-1

59.99 ea.

Battery Tender Waterproof 800 Charger

- Charges Battery & Maintains Proper Storage Voltage Without Damaging Effects Caused By Trickle Chargers

The Battery Tender Waterproof 800 is perfect for outdoor use. Its circuitry is totally epoxy encapsulated so it will perform even while submersed under water. The unit packs 800 milliamps of pure charging power yet it is no larger than the size of a standard computer mouse. You can use Battery Tender anywhere in the world (100-240VAC 50/60 Hz) and the unit is reverse polarity protected, spark proof and it complies to international safety standards (UL/CSA/CE). Like all Battery Tenders, it has a microprocessor (brain) that controls the charging of each battery so that your battery doesn't get "cooked" the way conventional chargers can do. This lightweight unit weighs only 1 lb. and carries a manufacturers' 2 year warranty.

88-0161-1

Dual Master Cylinder Brake Pressure Bleeder

- Bleeds Brakes Like The Professionals
- Pressurized Brake Fluid Forces Trapped Air From The Brake System
- Fits All Dual Chamber Master Cylinders

Finally an affordable and easy-to-use brake pressure bleeder for the do-it-yourself mechanic is now available. This tool uses air pressure to force brake fluid through the system during the brake bleeding process. Pressurized fluid forces all the trapped air in the hydraulic system out, providing the most efficient way to have a firm brake pedal. **This kit will work on any dual master cylinder and eliminates the need for a second person during the bleeding process.**

88-0309-1 74.99 ea.

Corvette Leather Repair And Protector Kit

It's all here – everything you need to clean, preserve, restore, and protect your leather seat covers. Included are...

Spot Remover – Removes grease and stubborn stains. Will not discolor. Leather Soap – A gentle yet effective way to remove dirt and oils. Leather Lotion – Preserves your cleaned leather and keeps it looking good. Leather Waterproofer – Repels water based stains from setting in before you can clean them. Helps prolong the life of your leather seat covers. Color Cote – Used to actually re-color the worn areas of leather seats. This is not a paint, but rather, a true leather dye. Has a "leveling" effect that actually fills small imperfections. Formulated in twenty-four stock Corvette interior colors. Clear Cote – Seals and protects your restored leather. Protects finish and prevents abnormal wear. To order, simply select the Kit that contains the correct color for your Corvette.

Cannot be sold to California or Canadian customers

Rear Axle Gear Lubricant

GM's "special formula" gear lubricant is a must if quiet, life long service is expected! Use 2 containers per car.

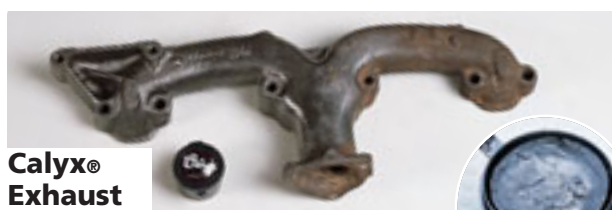

88-0322-1 19.99 ea.

Positraction Differential Additive

Specially formulated by GM to stop the chattering and clunking frequently encountered in positraction rear ends. Use 1 container per car. Cannot ship by air.

88-0321-1 4 oz. 13.99 ea.

Calyx® Exhaust Manifold Dressing

To keep your cast iron exhaust manifolds looking concours-prepared perfect, use Calyx® Manifold Dressing. It applies with a flannel cloth and polishes to a silver shine in seconds. After the manifold is prepared with Calyx®, apply when necessary, very little upkeep is required. Application of the dressing does not require removal of the manifolds. Calyx® Manifold Dressing will not burn and is non-toxic. One container, 3 ounces, will do up to 3 sets of cast iron exhaust manifolds.

88-0260-1

18.99 ea.

40 Below Coolant Additive

- Stops Overheating
- Reduces Water Temperature

Instant results. Add 32 oz - 64 oz per 4 gallons of water (or coolant). Product does not need to be applied every time the system is flushed, but 64 ounces are needed to reduce temperatures 40°. Perfect for racing, towing and daily drivers with air conditioning.

88-0206-1 32 oz. 24.99 ea.

Pro Blend Automatic Transmission Fluid Additive

Reduces transmission wear by reducing metal to metal friction. Reduces transmission fluid temperature up to 57 degrees. Dramatically improves shifting

88-0205-1

10.99 ea.

Cannot ship by air.

Water Wetter

- Reduces Coolant Temperatures

A unique wetting agent for cooling systems, Water Wetter reduces coolant temperatures by as much as 20 degrees Fahrenheit. It can be added to new or used antifreeze to improve the heat transfer in your cooling system. Water Wetter also reduces scale buildup in cylinder heads for better cooling and keeps water pump seal lubricated for longer life. It also provides excellent corrosion protection for modern cast iron, aluminum, and brass cooling systems.

88-0191-1 12 oz

10.99 ea.

Fuel Fresh Multi-Functional Gasoline Additive

- Prevents Gum & Varnish Formation

Fuel Fresh is effective for safe storage protection up to 24 months. One self-measuring bottle treats approximately 200 gallons for everyday use, and 100 gallons for storage. 32 oz. Cannot ship by air.

RAGGTOPP Cloth Convertible Top Protectant

- Ideal For Protecting New Tops
- Renews & Extends The Life Of Older Tops

Ragg Topp is for the top cloth and plastic windows of all convertible tops. Ragg Topp just sprays on to keep water, oil and stains off the top. It also provides UV protection and can be reapplied as needed.

88-0252-1 14 oz. 19.99 ea.

Cannot ship by air.

Cloth Convertible Top Care Kit

This kit will protect and preserve your costly cloth top from weather as harsh as northern winters. A two-step process first cleans and deposits a powerful ultraviolet inhibitor then the water-proofer will extend the life of your top and improve color retention. The kit also contains non-abrasive plastic cleaner/polisher to help prevent hazing and yellowing of rear windows.

88-0200-1 54.99 ea.

Lexol Vinylx Protectant

- Cleans & Protects
- Works Great On Vinyl Interiors & Trim
- Nourishes Vinyl, Rubber & Plastic Surfaces
- Penetrates Below Surface Layer To Revitalize Underlying Plasticizers, Thereby Reducing Cracking

88-0235-1

11.99 ea.

Plexus Plastic Protector

This stuff was originally developed for use on expensive aircraft windshields, but a funny thing happened. People realized it worked great on all kinds of plastics. It cleans the surface and leaves a shiny, protective layer of wax to guard the vulnerable, porous surfaces. Also works great on plastic-based acrylic paints and clear coated aluminum wheels.

88-0261-1 13 oz. Spray

14.99 ea.

Connolly Hide Care

Hide Care is a concentrated cleaner that feeds the leather to achieve a rich, polished finish, and to help prevent cracking. Great for vinyl, as well.

88-0232-2 13 oz.

26.99 ea.

Connolley Leather Care Kit

The leather care kit contains leather cleaner (17 oz), and leather conditioner (10 oz). Specially blended with lanolin conditioners that will penetrate and soften all the leathers.

88-0233-2

59.99 kit

Autosol Metal Polish

Bring out the shine and luster in aluminum, copper, magnesium, and brass with this polishing paste. Goes on and comes off quickly and easily.

88-0199-1

7.99 ea.

P21S Chrome Polish

A unique multi-surface polish specifically formulated for the variety of surfaces found on today's automobiles. P21S Chrome Polish and Finish Restorer easily renews badly tarnished metals to a brilliant shine, yet remains mild enough to use on paintwork and plastics.

88-0224-1 3.56 oz

72.99 ea.

Tools & Car Care

P21S Paintwork Cleanser

This thick gloss-enhancing liquid removes water acid spots, swirl marks and other minor imperfections without scratching. Easy to apply without leaving powder residue; ideal for all modern clearcoats.

88-0221-1 11.8oz 15.99 ea.

P21S Window Wash Boost

High performance detergent eliminates dangerous windshield streaking. Easy to use. Concentrated mixture makes 6-1/2 gallons.

88-0220-1 18oz 29.99 ea.

P21S Concours Paste Wax

Give your car the ultimate concours shine in minutes! A rich blend of pure Brazilian #1 yellow carnauba and beeswax delivers a dynamite shine that lasts and lasts. A paste wax that's virtually as easy to use as liquid, P21S wax goes on and comes off with incredible ease and no powder residue.

88-0222-1 6.2 oz. 33.99 ea.

P21S 100% Carnauba Paste Wax

P21S breaks the 'carnauba barrier' with its 100% carnauba-based Paste Wax.

88-0223-1 54.99 ea.

P21S Polishing Soap

The power of a polish, with the ease of a soap. Wet the sponge, rub it across the soap, scrub, then rinse with water. Use on chrome, stainless & aluminum to remove rust, oxidation and dulling in seconds!

88-0225-1 10.6oz 10.99 ea.

Zymol Concours Glaze

For those who demand "show-car" gloss and depth of shine.

88-0226-2 8 oz 179.99 ea.

Zymol Glasur™ Glaze

Pace Car Collector Coin Set

- 11 Coins
- All In Full Pace Car Paint Colors
- Includes Deluxe Case

Since 2008 marks the 30th

Anniversary of Corvette Pace Cars at Indy, we're honoring it with this official set. We've taken a stunning full-color photo of every "Indy 500" Corvette Pace Car from 1978 to today — all eleven of them! — and produced it on the face of an Uncirculated Indiana State Quarter! This magnificent 11-coin collection represents four generations of Corvettes, including convertibles and Z06's, all decked out in their original, pace car paint jobs, and with official pace car badges! Each 11-coin set comes in a deluxe case designed to protect and display your collection, with Certificate of Authenticity verifying its legal tender status and official "Indy 500" authorization.

Interpreter Service

Interpreter Service available for non-English
speaking customers, call **1-321-269-9651**
and ask for interpreter assistance.

We Accept Credit and Debit Cards, Checks, Money Orders and C.O.D.

Eckler's accepts first party, preprinted checks
from U.S. Banks with your mail order. **C.O.D.**
method of payment applies only to shipments
within the Continental U.S. Eckler's reserves the
right to request a deposit on large orders.
\$10.99 C.O.D. fee will be applied.

Return Checks Policy

A \$25.00 returned check charge
will be assessed for all checks
returned for insufficient funds.

Eckler's Gift Certificates

Let them make their
ownchoice with an Eckler's
gift certificate available in any denomination.

Limited Warranty

Eckler's will not be responsible for any damage
or loss caused by delays, failures or other con-
sequential damage, nor for labor, transportation
or any other charges incurred in the replace-
ment or repair of a defective item. Eckler's
accepts no responsibility for any consequences
resulting from installation of any parts.

Returns

To be eligible for return, the product must be
in like-new condition, in original packaging and
accompanied by a copy of the invoice. Special
order parts are non-returnable.

Product must be received within 30 days of the
date of the invoice to be eligible for a full
refund. Products received within 31 to 60 days
are subject to a 25% restocking charge. No
returns allowed beyond 60 days of invoice date.
All returns must be sent prepaid. It is suggest-
ed to insure the returned item for its full value
to protect against loss. Allow up to 3 weeks
from the date of shipment for processing
refunds, credits and exchanges.

Package Protection Plan Rates

Eckler's allows total peace of mind by eliminat-
ing any hassle or risk in the event of loss or
damage of parts during shipment. If a problem
arises, call our Customer Service
representatives for a quick resolution.

Up to - \$100.....add.....	\$.95
101 - 200.....add.....	1.50
201 - 400.....add.....	1.95

Same Day Processing Only \$3.95

Eckler's standard U.S.
order processing time is 24 hours.
If you need your order processed same day, call
us Monday thru Friday before 1:00 p.m. (EST)
and request same day processing. For just \$3.95
we'll provide special processing of all in-stock
parts through the warehouse same day.

Express delivery is available, see Express
Shipping requirements below or call our Sales
Representative for rates.

Need It Fast? Use EXPRESS SHIPPING!

Utilize Express Shipping, U.S. only, and have
your order delivered the next business day or
day after. Express Shipping is limited to in-stock,
non-oversize items with a total order weight of
less than 20 lbs.

Add \$14.99 to Shipping and Handling Rates for
two-day delivery.

Add \$24.99 to Shipping and Handling Rates for
next day delivery.

For next day delivery of oversize parts and heavier
orders, call our Sales Representative for rates.
Orders must be received by 1:00 p.m. EST.

Shipping and Handling Rates

Rates apply to ground service shipping within
the 48 contiguous states, excluding truck
shipped parts. Rates for Alaska, Hawaii and
Puerto Rico may vary. International shipping
rates are calculated on weights and dimensions,
call for estimate.

Orders up to \$50.00	add.....	\$9.99
50.01 to 100.00	add.....	14.99
100.01 to 200.00	add.....	19.99
200.01 to 400.00	add.....	26.99
400.01 to 600.00	add.....	33.99
600.01 to 800.00	add.....	37.99
800.01 to 1000.00	add.....	41.99
Over 1000.00	add.....	45.99

▲ Symbol designates part has shipping surcharge
due to heavy weight or oversize dimensions. Two
symbols designates the part is a larger oversize 2 box.
Add \$9.99 to above Shipping and Handling Rates for
each symbol.

FedEx Delivery Area Surcharge - \$1.95 per package
residential /\$1.50 per package commercial addresses.
Please note: One of the two applicable FedEx sur-
charges will be added to your shipping & handling
charges for zip codes FedEx designates as less acces-
sible or to less populated areas.

Prices Subject to Change

During the length of time our catalogs circulate,
the price or availability of items sometimes
changes without notice. While every effort is
made to ensure accuracy, Eckler's is not respon-
sible for errors or omissions in this catalog.
